This property has all the answers when it comes to luxury living and external space. The home has been superbly finished throughout with walk in robe and en suite to a larger than normal main bedroom with bay window. There are two more bedrooms with robes and a main bathroom with spa. A formal lounge or dining room provides you with the space you need to get some peace and quiet. One of the largest open family rooms you will ever see and a kitchen that has enough bench space and cupboards for every master chef. Just select your appliances and get cooking. All set on a 1191m2 block with double garage and access at the side of the property for that extra car, boat, trailer etc. There's even enough room to kick the footy, for a game of cricket, put up extra shed or just have plenty of room for the kids to run around.
